Re: Supplemental Request for Information concerning Honeywell's facilities in Onondaga County, New York

Dear Mr. Gasch:

The New York State Department of Environmental Conservation ("the Department") thanks you and Honeywell International, Inc. ("Honeywell") for its response of February 29, 2000 to the supplemental request for information issued by the Department on December 22, 1999. The Department has had an opportunity to review the documents submitted with Honeywell's response, and has visited Honeywell's offices in Syracuse in order to review documents made available there. Based on its review, the Department requests follow-up information from Honeywell in order to supplement and clarify information provided during the Department's site visit. This request is submitted pursuant to the authorities, definitions and instructions provided in our letter dated December 22, 1999. Specifically, the Department requests Honeywell to please:

1. Provide a complete copy of the index of "Environmental Control Group Files." A copy of this index was previously provided to the Department under cover letter from Alfred Labuz dated June 8, 2000, but the copy is missing pages 1 and 5, and pages 7 through the end of the document (the copy we received is attached). This file index was attached to a document dated January 26, 1977, which had previously been designated by Honeywell as Document No. 1436 in the list of documents provided with Honeywell's first response (dated August 19, 1996) to the Joint Request for Information;
2. Make available files contained in storage boxes 2 through 9 in Vault No. 10, as referenced in the index pages attached; and
3. Based on the Department's review of the complete index, make available additional files.

Please postmark Honeywell's response to this request within thirty (30) calendar days of your

receipt of this letter, and address the response according to Paragraph III.15 of the Department's December 22, 1999 request.

Very truly yours,

Carol Conyers, Senior Attorney
New York State Department of
Environmental Conservation

George Shanahan, Assistant Regional Counsel
United States Environmental Protection
Agency--Region II

Philip M. Bein, Assistant Attorney General
John Davis, Environmental Scientist
Office of the Attorney General

Enclosure

CERTIFICATION OF ANSWERS TO REQUEST FOR INFORMATION

State of _____

County of _____

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document (response to Joint Request for Information) and all documents submitted herewith, as well as the response and accompanying documents submitted on August 19, 1996, May 14, 1997, April 22, 1999, and February 29, 2000 and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete, and that all documents submitted herewith are complete and authentic unless otherwise indicated. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment. I am also aware that my company is under a continuing obligation to supplement its response to the Joint Request for Information if any additional information relevant to the matters addressed in the Joint Request for Information or the company's response thereto should become known or available to the company.
